EORTC's mission is to increase cancer patient survival and quality of life.

**OUR MISSION**
**IN NUMBERS 2020**

**Network**
- 2805 Collaborators (members)
- 750 Institutions
- 139 Collaborative groups
- 48 Countries
- 18 EORTC groups & task forces

**Patients involved in studies**
- >205,000 Patients in database
- 27,000 Patients in follow-up

**Conferences & Trainings**
- 6500+ Delegates
- 100+ Countries

**Publications**
- 72 Peer reviewed papers* (incl. EORTC papers)

**Staff**
- 238 Staff Members
- 32 Nationalities
- 3 Fellowships awarded in 2020

- 51% Staff with PhDs
- 15% Staff with MA in science

**Studies per EORTC Tumour & Cross-discipline Groups**

- **26** EORTC Breast Cancer Group
- **25** EORTC Radiation Oncology Group
- **20** EORTC Lung Cancer Group
- **16** EORTC Liver Cancer Group
- **16** EORTC Gastrointestinal Tract Cancer Group
- **14** EORTC Soft Tissue and Bone Sarcoma Group
- **13** EORTC Head and Neck Cancer Group
- **8** EORTC Genito-Urinary Cancers Group
- **8** EORTC Gynaecological Cancer Group
- **8** EORTC Melanoma Group
- **7** EORTC Lymphoma Group
- **5** EORTC Childhood’s Leukemia Group
- **5** EORTC Quality of Life Group
- **4** EORTC Melanoma Group
- **3** EORTC Cancer in Elderly Task Force
- **3** EORTC Cutaneous Lymphoma Task Force
- **1** EORTC Endocrine Tumours Group
- **1** EORTC Imaging Group
- **1** EORTC Infectious Diseases Group

---

**Legend**

- **Pre-development**: Board approves the study proposal and the Protocol Review Committee (PRC) approves the protocol synopsis.
- **Development**: Full protocol is developed until PRC approval.
- **Activation**: Period from protocol release until the first site active, including regulatory submissions and approval by authorities.
- **Conduct**: Patient recruitment and follow-up as per protocol, concluding in a Final Analysis Report.
- **Long-term follow-up**: Monitoring a person’s health over time after treatment, both during and after the study.

---

**Studies per funding type /category**

- **47,27%** Educational Grant
- **12,32%** Academic
- **10,3%** Fully Supported

---

**Ongoing Studies by phase**

- **50,25%** Conduct
- **18,23%** Pre-Development
- **12,32%** LT Follow-up
- **8,87%** Activation
- **10,34%** Development

---

*All studies with the following status: Pre-development, Open to Patient Entry, Closed to Patient Entry, Long-term follow-up ongoing, Development and Regulatory in process.

**All EORTC studies per group except the ones that are no longer active or the research projects that are not part of a group. Excluding also Quality Life Group external studies.
